

# Because You Want Her To Stay At Home... We have the "Solution" for you!

As more and more families have children and potential caregivers who live away from home, it becomes difficult to care for parents and grandparents from a distance.

We specialize in services designed to help aging clients live in the comfort of their own home for as many years as possible, and to reduce the incidence of hospital stays,

while keeping families well informed and involved in the care of their loved ones.

Today, older adults wish to remain as independent as possible in their own homes. We understand that all clients are different, with varying needs for health care, household assistance, and health care monitoring.

We have the experience to fully evaluate the circumstances and needs of your loved one and bring together personalized solutions that meet their needs and comfort level.

Although you may be in another city or out of state, we know you want to remain involved and informed. We will provide you with the tools to keep you up to date and involved, while we support and manage your loved one's health, safety, well-being and independence.

We know that successfully coordinating these services means **peace-of-mind** for all involved.

To All Veterans and Surviving Spouses of Veterans.....We will assist you with receiving an entitlement which will help defray your cost of home care....there is NO Cost to You!

## FREQUENTLY ASKED QUESTIONS:

**What do you do?** We provide private duty care services that allow individuals to remain living in the comfort of their own home while receiving the support and care they need to thrive.

**I need help, where do I start?** You may call us at 407.335.4676 to set up an appointment to discuss your needs. We're available to talk with you on the phone, in our office, at the hospital or your home—whichever is most convenient for you.

**Does Medicare or Medicaid pay for your services?** Medicare and Medicaid do not cover the type of services we provide. Should you desire additional care above and beyond what Medicare or Medicaid service provides, private duty home care is the answer.

**What are your rates?** Each client will receive an in-home consultation and a personalized plan for your care will be developed. Hourly rates for caregivers vary depending on the level of care needed and the hours of care needed. We strive to offer competitive rates without compromising quality of care.
